BRITISH COLUMBIA | BC STATS

British Columbia Building Permits by Type

Residential
Permits issued for new dwellings and alterations and improvements to existing dwellings.

Non-Residential Groups

- **Industrial:** Includes buildings used for manufacturing and processing; transportation, communication and other utilities; and agriculture, forestry, mine and mine mill buildings.
- **Commercial:** Includes stores, warehouses, garages, office buildings, theatres, hotels, funeral parlours, beauty salons and miscellaneous commercial installations.
- **Institutional and Government:** Includes expenditures made by the community, public and government for buildings and structures.

Notes

- In some cases, the total value of permits shown in this report is less than actual because of incomplete reporting by municipalities.
- Although the results of the Building Permit Survey are often used as a leading indicator of building activity, they do not represent the total construction activity in the province because not all areas report and some large projects do not require a permit.
- Figures shown under the Regional District name as RDR apply to unincorporated areas.
- A dash indicates either a nil report or a value or less than $500.

Abbreviations
C - City
VL - Village
DM - District Municipality
T - Town
IM - Island Municipality
RDR - Regional District Residual
